

Dear Valued Customer,

Thank you for purchasing your SelectWisely food translation cards. Below you will find two copies of your purchased card. Please cut the card out and fold along the dotted line. We suggest laminating the card if at all possible.

When traveling we recommend that you keep one card in your wallet and the other in a more secure place, such as your suitcase. After you have used the card, we welcome your comments. In an effort to help other travelers with similar dietary challenges, we encourage you to share your thoughts, travel tips and other first-hand information.
